The ideal candidate for this position is a licensed architect with experience leading healthcare design projects. They will demonstrate a commitment to excellence, a devotion to collaboration, and an ability to organize and prioritize – as well as experience and interest in all aspects of the design process. They will be highly self-motivated and self-directed in a fast-paced and collaborative environment.

REQUIRED QUALIFICATIONS:

- 1-5 years of relevant work experience as a Project Manager in Healthcare Design
- Bachelor's or master's degree in Architecture
- Professional registration & licensed
- Proficiency in Revit & related programs, Adobe Creative Suite & Microsoft Office

PREFERRED QUALIFICATIONS:

- Licensed in Tennessee
- LEED, WELL or other sustainable design credential, or sustainable design experience

ABOUT KNOXVILLE

Knoxville is Tennessee's third largest city, situated along the Tennessee River. Knoxville is an outdoors town, a college town, a brewery town, an arts town, a foodie town, and a dog-friendly town. You might hear us called the Maker City, Marble City or Scruffy City, and we'll own all of them. We have a moderate climate and a cost of living 15% below the national average.

1,000 acres of recreation in the Urban Wilderness

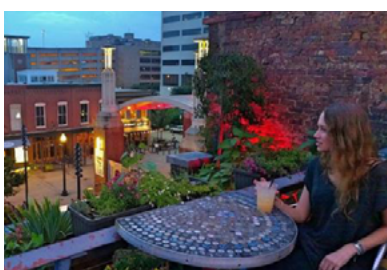

1 hour to Great Smoky Mountains National Park

USA Today's People's Choice Award - 4th Best Arts District

Food scene profiled in Architectural Digest, Esquire, Food & Wine

#1 City in America for Pets

Bike, paddle, swim, hike, zipline & climb

40+ Breweries; 2 silver medals at Great American Beer Festival
